Other (specify) _____ (If less than 31 days after filing, a specific finding under RCW 34.05.380(3) is required and should be stated below)

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

Yes No If Yes, explain:

Purpose: This rulemaking implements requirements of Engrossed Substitute Senate Bill (ESSB) 6293, which allowed public and private colleges to create unpaid student volunteer programs in for-profit or non-profit businesses, and allowed those businesses to elect medical aid coverage for student volunteers and unpaid students participating in the program. Providing employers the opportunity to elect medical aid coverage for student volunteers and unpaid students in experience-based activities will encourage more employers to participate in these school-sponsored programs.

Also, private colleges may now elect medical aid coverage for qualifying students volunteering for the college. (Past law required state colleges to cover volunteers serving the college, but allowed only charitable private organizations to elect coverage for volunteers.)

This legislation also created a means for all entities with coverage for volunteers, student volunteers, or unpaid students to cap reporting at 100 hours per volunteer per calendar year. This type of reporting has not historically been an option for employers and L&I has designed rules to implement the change.

See Attachment A for a list of affected rules.
