Please note: Deleted language is ~~struck through~~; added language is underlined.

VI. Ratio of Apprentices to Journey Level Workers

~~An employer employing one (1) or more journey level workers in the trade of construction equipment operator at a job site may employ one (1) apprentice and one (1) additional apprentice may be employed for five (5) journey level workers employed at the job site.~~

Each employer may employ one (1) apprentice for each journey level operator employed per job site.
