## APPROVED ELECTRICAL CONSTRUCTION TRADE TRAINING SCHOOLS

RCW 19.28.191 – WAC 296-46B-971

Upon completion of an approved electrical construction or maintenance trade training program, the graduate is given credit for part of the “supervised work experience hours” necessary (limited to a maximum of 50%) to qualify for a specific electrician certification examination. Each training program may be applied to only one specific specialty.

Students must maintain a valid [Electrical Training Certificate \(form F626-048-000\)](#) issued by the Department of Labor and Industries during their entire enrollment. The program training director may credit actively enrolled students with the mandatory hours of basic classroom electrical training necessary to renew a training certificate.
