Access Agreement | Privacy & Security Statement | Intended Use/External Content Policy | Staff Only

Selecting that option will display a sub menu:

Washington State Department of Labor & Industries

Class B Permit/Inspection lookup A

Class B Permit Purchase Date From: 3/1/2013

Class B Permit Purchase Date To: 9/24/2013

Class B Sticker Number: [input field]

Class B Management

- View All
- View Active Only
- Validate
- View Fee Due Only
- View Open Corrections

RETURN TO MAIN MENU | RESET | LOOKUP

Submenu definitions:

- **View All** – Displays all Class B permits issued within the selected date range
- **View Active Only** – Displays Class B that are in “active status”. Permits that have been inspected or voided will not be displayed.
- **Validate** – Displays Class B’s that have not yet been validated. (no address information entered)
- **View Fee Due Only** – Class B permits where an inspection has been performed and corrections were written requiring a fee due being assessed.
- **View Open Corrections** – Displays a list of Class B permits that have been inspected and have open corrections.

View all – will display all class B labels in the list. This is restricted to Class B books sold after 3/1/2013 and within the date range entered. The example below is test data only.

Permits – 40 records found.										
Class B Sticker	Applied	Requested	Inspected	Open Correction	Site Owner	Site Address	Site City	Site County	Status	Description

Select the permit from the list, by clicking on the number on the left hand side to view, validate or pay fee dues.

VALIDATING a Class B Permit

One of the changes to the WAC 296-46B-908 requires the customer to “validate” a Class B label/permit when it is used using EPIS through SecureAccess Washington.

To “validate” a Class B permit either:

1. Select the sticker/label/permit from the list using **Validate** or **View all**,
2. **OR** enter the number in the Class B Sticker Number field as shown below:

The screenshot shows a web application interface for the Washington State Department of Labor & Industries. The main heading is "Class B Permit/Inspection lookup" with a sub-heading "License number". The form contains several input fields and a list of radio buttons. The "Class B Permit Purchase Date From" field is set to "3/1/2013", the "Class B Permit Purchase Date To" field is set to "9/24/2013", and the "Class B Sticker Number" field is set to "B004212135". Below these fields is a "Class B Management" section with five radio button options: "View All", "View Active Only", "Validate" (which is selected), "View Fee Due Only", and "View Open Corrections". At the bottom of the form are three buttons: "RETURN TO MAIN MENU", "RESET", and "LOOKUP".

Entering the number in the field then selecting **LookUp** will check that the number is valid, that it belongs to the contractor license number associated with the account, and that it has an applied date of 3/1/2013 and later. If all is true the page is displayed. If the address has not been added, Edit Address button is available. When selected the Validate Class B Permit page is displayed as shown.

CANCEL **SAVE**

To Validate a Class B Permit the user must complete all fields that have an  displayed. Most of this is the same information required when completing any permit. (Site information) The new items added are:

- **Electrician Certificate Number:**
 - This is a free form field. Not all Class B work requires a certified person to perform the installation (i.e.: telecom work) If the work is for telecom the user should just enter “not req”, in the Electrician Certificate Number field.
- A check box for Line Voltage Work.

Line Voltage Work:

Select the line voltage box when applicable.
