Provider Accounts Website – http://www.lni.wa.gov/ClaimsIns/Providers/Becoming/default.asp
Provider Accounts phone – 360-902-5140

The L&I website offers many resources to providers. Go to http://www.lni.wa.gov/

### Dental Services

Dental providers licensed in the state in which they practice may be paid for performing dental services ([WAC 296-20-110](http://www.lni.wa.gov/ClaimsIns/Providers/Billing/FeeSched/2010/default.asp) and [WAC 296-23-160](http://www.Lni.wa.gov/ClaimsIns/Insurance/SelfInsure/EmpList/Default.asp)).

### Authorization and treatment plan requirements

Procedures requiring prior authorization are noted in the fee schedule by a Y in the “Prior Auth” column.

You may also use the Billing Code ID search box on our website:

Contact the following for procedures requiring prior authorization:
- L&I claim manager for state workers’ compensation claims and CVC claims

Only claim managers can authorize dental services for State Fund workers’ compensation claims and CVC claims.

Claim services requiring prior authorization require a treatment plan. The dentist should outline the extent of the dental injury and the treatment plan ([WAC 296-20-110](http://www.lni.wa.gov/ClaimsIns/Providers/Billing/FeeSched/2010/default.asp)).

The treatment plan and/or alternative treatment plan must be completed and submitted before authorization can be granted. If other providers are performing services, it will also be necessary for them to submit treatment plans. A 6-point per tooth periodontal chart and/or X-rays may be requested.

Mail State Fund **treatment plans** to:
Department of Labor & Industries
PO Box 44291
Olympia, Washington 98504-4291

State Fund treatment plans (**not billing** info) may be faxed to:
(360) 902-4567

Mail CVC claim **treatment plans** to:
Department of Labor & Industries
PO Box 44520
Olympia, Washington 98504-4520

Mail self-insured treatment plans to the SIE/TPA.
Copies of the HCPCS Level I and II codes may be purchased from:

The Superintendent of Documents
United States Government Printing Office
Washington DC 20402

Please refer to the “Professional Services” section of the current fee schedule.

**DME Services**

Pharmacies and DME providers must bill their “usual and customary” charge for supplies and equipment with appropriate HCPCS and local codes. Delivery charges, shipping and handling, tax, and fitting fees are **not payable separately**. Include these charges in the total charge for the supply. See **WAC 296-20-1102** for information on the rental or purchase of DME.

A modifier is always required on all HCPCS codes that are used to purchase or rent DME.

–NU for a new purchase or
–RR for a rental.

The HCPCS Section of the Professional Services Fee Schedule lists the HCPCS E codes and the HCPCS K codes that require either –NU or –RR. Look in the HCPCS/CPT® code column of the fee schedule for the appropriate modifier. There is also a column in fee schedule that designates the HCPCS code as requiring prior authorization. There is no need to obtain prior authorization if the code does not require it.

DME codes fall into one of 3 groups relative to modifier usage. DME that is:

- Only purchased (only –NU modifier allowed).
- Only rented (only –RR modifier allowed).
- Either purchased or rented (either –NU or –RR modifier allowed).

Bills submitted without the correct modifier will be denied payment. Providers may continue to use other modifiers, for example –LT,–RT etc., in conjunction with the mandatory modifiers if appropriate (up to 4 modifiers may be used on any 1 HCPCS code).

**Exception: HCPCS Codes**

- K0739: Repair or non-routine service for durable medical equipment other than oxygen equipment requiring the skill of a technician, labor component, per 15 minutes does not require a modifier.
- K0740: Repair or no routine service for oxygen equipment requiring the skill of a technician, labor component, per 15 minutes.

L&I will **not** purchase used equipment.

Self-insured employers **may purchase** used equipment.

Rental payments will not exceed 12 months. At the 12th month of rental, the equipment is **owned by the worker**. The insurer may review rental payments at 6 months and decide to purchase the equipment at that time. The purchased DME belongs to the worker. The maximum allowable rental fee is based on a per month period. Rental of 1 month or less is equal to 1 unit of service.
Exception: HCPCS Codes

- E0935 and E0936: continuous passive motion exercise device for use on knee only and continuous passive motion exercise device for use other than knee respectively are rented on a per diem basis up to 14 days with 1 unit of service equaling 1 day. Contact the claims manager for rental beyond 14 days.
- E1800-E1818, E1825-E1840, extension/flexion device. These devices are rented for 1 month. If needed beyond 1 month, a claims manager’s authorization is required.

DME, Miscellaneous, E1399

HCPCS code E1399 will be paid by report.

- E1399 is payable only for DME that doesn’t have a valid HCPCS code assigned.
- All bills for E1399 items must have either the NU or RR modifier.
- A description must be on the paper bill or in the remarks section of the electronic bill.
- The item must be appropriate and relative to the injury or type of treatment being received.

During the authorized rental period, the DME belongs to the provider. When the equipment is no longer authorized, the DME will be returned to the provider. If the unauthorized DME is not returned to the provider within 30 days, the provider can bill the worker for charges related to DME rental, purchase and supplies that accrue after DME authorization is denied by the insurer.

Some DME requires a prior authorization. Prior authorization for L&I claims can be obtained by calling the claim manager or Provider Hotline. The Provider Hotline can be reached at 1-800-848-0811 or from Olympia 902-6500.

Fee schedule payments for stationary oxygen system rentals are all-inclusive. One monthly fee is paid for a stationary oxygen system. This fee includes payment for the equipment, contents (if applicable), necessary maintenance and accessories furnished during a rental month.

If the worker owns a stationary oxygen system, payment will be made for contents of the stationary gaseous (E0441) or liquid (E0442) system.

Fee schedule payments for portable oxygen system rentals are all-inclusive. One monthly fee is paid for a portable oxygen system. This fee includes payment for the equipment, contents, necessary maintenance and accessories furnished during a rental month.

If the worker owns a portable oxygen system, payment may be made for the portable contents of the gaseous (E0443) or liquid (E0444) portable system.

The fee for oxygen contents (stationary or portable) is billed once a month, not daily or weekly. One unit of service is equal to 1 month of rental.

Repair, non-routine service and maintenance on purchased equipment that is out of warranty will be paid by report.

In those cases where damage to a piece of DME is due to worker:

- Abuse,
- Neglect or
- Misuse

The repair or replacement is the responsibility of the worker. Replacement of lost or stolen DME is also the responsibility of the worker.
K0739 and K0740 should be billed per each 15 minutes. Each 15 minutes should be represented by one unit of service in the ‘Units’ field.

For example, 45 minutes for a repair or non-routine service of equipment requiring a skilled technician would be billed with 3 units of service.

A copy of the original warranty is required on each repair service completed. For State Fund claims, send a copy to:

Department of Labor and Industries
PO Box 44291
Olympia, WA 98504-4291

Write the claim number in the upper right hand corner of the warranty document. Payment will be denied if:

• No original warranty document is received
• The item is still under warranty

For further information regarding DME services, refer the “Professional Services” section of the current Medical Aid Rules and Fee Schedule.

Hearing Aid Services

The following policies and requirements apply to all hearing aid services and devices except for CPT® codes.

The insurer will authorize hearing aids only when prescribed or recommended by a physician or ARNP and the claim for hearing loss has been allowed. State Fund claim managers use the information outlined below to decide whether an individual worker has a valid work-related hearing loss (an SIE/TPA may use these or similar forms to gather information).

• Report of Accident
• Occupational Disease Employment History Hearing Loss (F262-013-000; F262-013-111 continuation)
• Occupational Hearing Loss Questionnaire (F262-016-000)
• Valid audiogram
• Medical report
• Hearing Services Worker Information (F245-049-000)
• Authorization to Release Information (F262-005-000)
The insurer does not pay any provider or worker to fill out the Employment History Hearing Loss or Occupational Hearing Loss Questionnaire.

Physicians or ARNPs may be paid for a narrative assessment of work-relatedness to the hearing loss condition. Refer to the Attending Doctors Handbook table on Other Miscellaneous Codes and Descriptions.

The insurer will pay for the cost of battery replacement for the life of an authorized hearing aid. No more than 1 box of batteries (40) will be paid within each 90-day period.

NOTE: Sending workers batteries that they have not requested and for which they do not have an immediate need is in violation of L&I’s rules and payment policies.

The insurer will not pay for any repairs including parts and labor within the manufacturer’s warranty period.

The insurer will not pay for the reprogramming of hearing aids.

Parts and supplies must be billed and will be paid at acquisition cost including volume discounts (manufacturers’ wholesale invoice). Do not bill your usual and customary fee.

- Supply items for hearing aids include tubing, wax guards, and ear hooks. These can be billed within the warranty period.
- Parts for hearing aids include switches, controls, filters, battery doors and volume control covers. These can be billed as replacement parts only, but not within the warranty period.
- Shells (“ear molds” in HCPCS codes) and other parts can be billed separately at acquisition cost. L&I does not cover disposable shells.

Hearing aid extra parts, options, circuits and switches, for example, T-coil and noise reduction switches, can only be billed when the manufacturer does not include these in the base invoice for the hearing aid.

All hearing aids, parts and supplies must be billed using HCPCS codes. Hearing aids and devices are considered to be durable medical equipment and must be billed at their acquisition cost.

Who may bill for hearing aid services and devices?
Audiologists, physicians, ARNPs and fitter/dispensers who have current L&I provider account numbers may bill for hearing aid replacement. You may bill for the acquisition cost of the non-linear aids and the associated professional fitting fee (dispensing fee).

What billing forms should providers use?
Fitters/dispensers and DME providers should use the department’s Statement for Miscellaneous Services Bill form (F245-072-000).

Physicians, ARNPs, and licensed audiologists are to bill the department using the CMS-1500 form (F245-127-000).

For further information regarding hearing aid services, please refer to the “Professional Services” section of the current Medical Aid Rules and Fee Schedule.

**Adjustment vs. Submitting a New Bill for State Fund claims**
- When the whole bill is denied, then you need to submit a new bill.

The daily maximum allowable amount is $ 88.55
The following are bundled into the massage therapy service and are not separately payable:

**Nurse Case Management**

All nurse case management (NCM) services require prior authorization. Contact the insurer to make a referral for NCM services.

NCM services are capped at 50 hours of service, including professional and travel/wait time. An additional 25 hours may be authorized after staffing with the insurer. Further extensions may be granted in exceptional cases, contingent upon review by the insurer.

**Case Management Records and Reports**

Case management records must be created and maintained on each claim. The record shall present a chronological history of the worker’s progress in NCM services.

Case notes shall be written when a service is given and shall specify:
- When the service was provided and
- What type of service was provided using case note codes and
- Description of the service provided including subjective and objective data and
- How much time was used during this reporting period.

NCM reports shall be completed monthly. Payment will be restricted to up to 2 hours for initial reports and up to 1 hour for progress and closure reports.

Copies of reports, correspondence, and expenses shall be maintained in the case record.

Nurse case managers must use the following local codes to bill for NCM services, including nursing assessments:

<table>
<thead>
<tr>

**Billing Units Information**

- Units are whole numbers and not tenths units
- Each traveled mile is 1 unit of service
- Each 6 minutes of care coordination or travel/wait time is 1 unit of service
- Each related travel expense is 1 unit of service

Case note codes shall be converted to billing codes as bills are processed by the nurse case manager or firm. For example, all time associated with telephone calls during a 30-day period is added, converted to units of service and then total charges. Likewise, all time associated with visits during a 30-day period is added, converted to units of service and then total charges, etc. Examples below describe how to convert time to units and calculate total charges. Examples are also shown for mileage and expenses.

**Phone Calls, Visits or Case Planning:**

Step 1 – Time to Units

Total minutes divided by 6 = Total No. of Units

102 minutes/6 = 17 units

Step 2 – Units of Total Charges

Total units time per unit charge = Total charges

17 units x $9.64 = $163.88

**Travel / Wait:**

Step 1 – Time to Units

Total minutes divided by 6 = Total No. of Units

150 minutes/6 = 25 units

Step 2 – Units to Total Charges

Total units times per unit charge = Total charges

25 units x $4.74 = $118.50

**Mileage:**

Mileage is reimbursed at the Washington State rate for mileage reimbursement. The current amount is available at [http://www.ofm.wa.gov/policy/10.90.htm](http://www.ofm.wa.gov/policy/10.90.htm). The rate effective January 1, 2010 is $.50 per mile. Mileage during a 30-day period is added then multiplied by .50 to obtain the total mileage expenses for the month. For example:

<table>
<thead>
<tr>
<th>Miles</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>112</td>
<td>$56.00</td>
</tr>
</tbody>
</table>

**Expenses:**

Expenses will be reimbursed at cost. Receipts for expenses shall be maintained in the case record. Receipts for parking are not required, but preferred. All expenses with a 30-day period shall be added, and then coded as 1225M on the Statement for Miscellaneous Services bill form. Attachment B describes covered and non-covered medical case management expenses. An example follows:

$5.00 (parking) + $7.50 (records) = $12.50

Vocational Rehabilitation Services

This section details the requirements and information Vocational Rehabilitation providers should know and follow in submitting bills.

How to Submit a Bill

Each provider who works on a referral must bill separately and must list the precise number of units of service worked for each date span on a referral. Each date span billed must have both a start and end date. The provider must also bill for each referral separately. Even if a third party does the billing, the provider receiving the referral is responsible for ensuring that all billing is correct.
Multiple providers may deliver services on a single referral if they have the same payee provider account number. This situation might occur when interns assist on referrals assigned to VRCs, or where 1 provider covers the caseload of an ill provider. When more than 1 provider works on a referral, each provider must bill separately for services delivered on the referral; and each provider must use:

- His/her individual provider account number,
- The payee provider account number and
- The referral ID.

If several providers work on a single referral, the assigned provider is ultimately responsible for the referral. The performance data associated with that referral accrues to the assigned provider’s performance rating.

Example: Acme Rehabilitation employs counselor X, as well as interns Y and Z. Acme may not submit aggregate bills: Acme Rehabilitation must submit a separate bill for Counselor X, Intern Y, and Intern Z—for each referral worked by X, Y, and Z.

For more detailed information about completing billing forms, consult the samples of completed forms, which are located in an attached section.

Reimbursement Rates
Each referral is a separate authorization for services. L&I will pay interns at 85% of the Vocational Rehabilitation Counselor (VRC) professional rate and forensic evaluators at 120% of the VRC professional rate.

The table below lists the professional, travel/wait, and mileage rates for vocational services:

Fee Caps and Thresholds
As part of the changes to the reimbursement structure, the department has adopted fee caps. Providers must be aware that fee caps are hard caps, with no exceptions.

When cumulative payments for a referral have reached the cap, the Remittance Advice sent with the State Fund bill payment will contain an Explanation of Benefits, indicating that the referral has reached its fee cap. The department will adjust the amount of the bill to pay no more than the fee cap allows and will authorize no payment beyond the cap. It is very important that vocational providers work closely with their billing staffs to monitor costs on their referrals.

At 100 percent of the fee cap, the claim manager is notified and instructed to close the referral. When the claims manager has closed the referral, the vocational provider must submit a closing report.

Please consult the following fee cap table:

### Codes

The following table lists the codes, and their corresponding definitions, for use in billing for vocational services. Reimbursement will occur according to the level of provider described below. Separate codes and provider specialties exist for vocational interns, counselors, and forensic specialists.

**Example:** Intern Y at Acme Rehabilitation bills code 0881V. **Result:** The department does not pay, because it only authorizes qualified providers to do forensic work.

### Ancillary Services

As a reminder to vocational providers who deliver ancillary services on vocational referrals assigned to other providers, if the provider resides in a different firm (that is, has a different payee provider number than you), you cannot bill as a vocational provider (a provider type 68). You must use another provider number that is authorized to bill the ancillary services codes (type 34, 52, 55) or obtain a miscellaneous service provider number (type 97) and bill the appropriate codes for those services.

Codes 0896V, 0897V, and 0393R are payable By Report, and a receipt must be placed in the case file for documentation. Code 0391R pays at $4.83 per unit. Recall that the department requires billing for services in units, in increments of 6 minutes per unit, or 10 units per hour. Code 0392R pays at the standard federal rate per mile, similar to codes 0893V and 0894V.

### Stand Alone or Provisional Job Analysis

This type of request authorizes a vocational provider to conduct a job analysis when no other services are needed. The claim may be allowed or in provisional status. The assigned vocational provider is responsible for all work performed by all providers in the completion of that referral. A physical or occupational therapist may perform work and should follow the instructions under their section of these instructions. The combined fees of all the providers will accrue to a single fee cap.
Date Span Information
When providers are completing billing forms, it is very important to include both start and end dates for the date span of services. Providers must include all services provided during this date span on the bill. They may not submit a new bill for additional services during the same date span. If this circumstance occurs on a State Fund bill, a “Provider’s Request for Adjustment” form must be completed to adjust the original charges.

Units of Service
One unit of service equals 6 minutes of time. The stated hourly rate is equal to 10 units of service. The unit of service for mileage reimbursement is per one mile. This applies to all ‘V’ (Voc) procedure code and ‘R’ procedure codes as applicable.

Example: the professional VRC rate is $87.70 per hour; 1 unit of service (6 minutes) pays $8.77 ($87.70/10); 2 units of service (12 minutes) pays 2 x $8.77 = $17.54

Referral Identification Number on Bills
When completing billing forms, a provider must include the referral identification numbers for each submitted bill. The department will deny payment for any bill submitted without a referral identification number. Each department referral has a unique referral identification number.

Documentation
Documentation that supports billing includes the provider’s case notes. Providers should ensure that their case notes include evidence of the time spent on various activities. Example: A provider who spends a half-hour on a progress report for a case might specify that half-hour in his or her case notes as “.5 hours preparing progress report.” Specific requirements for case note documentation can be found in the rules governing vocational rehabilitation services, WAC 296-19 Chapter A.

Travel/Wait and Mileage
The department developed separate codes for vocational providers’ travel/wait time. The department pays for work performed by providers on vocational referrals only from the branch office where the referral was assigned. The department does NOT pay for travel time between two different service locations or branch offices where a provider is working cases.

Providers should bill from the branch office where the referral has been received by the VRC to necessary destinations, such as the following: going to the location of the employer of record, visiting an attending physician’s office, and the meeting of a VRC with an injured worker at his or her home. For out of state cases, VRC may only bill from the branch office nearest the worker.

Vocational provider case notes must specify point of origin for travel. Travel is normally billed from assigned service location, but when travel is actually less, it should be billed as less. For example, if referral is made to Olympia service location and the vocational provider travels from Tacoma branch to Seattle training site; it should be billed for the lesser distance.

Example: A vocational counselor indicates to the department that he or she is willing to work referrals in Seattle, Yakima, and Longview.

Result: The department will reimburse the provider for travel/wait time on cases in each of these three areas, but will not pay for the provider to drive from Seattle to Yakima, or from Longview to work a Seattle or Yakima referral.

Travel/wait is reimbursed at 50% of the standard vocational counselor rate, regardless of referral type or provider specialty. Travel/wait must be pro-rated if more than one referral is included in a particular trip.
Mileage, as determined by the federal rate, is reimbursed at the same rate as that of travel on state business. The department reimburses mileage at the same rate, regardless of referral type or provider specialty.

Obtaining a Copy of the Vocational Rehabilitation Rules
Providers can obtain a copy of the rules governing vocational services (WAC 296-19A) through the Internet at the following address: http://www.leg.wa.gov/LawsAndAgencyRules/
COMPLETING THE “STATEMENT FOR MISCELLANEOUS SERVICES” FORM

The Department of Labor and Industries and service providers are joined in a cooperative process for payment of provider billings. In order to process the billings in a timely manner, the billings must be completed as described. Improperly completed bill forms may be returned to the provider for completion/correction and resubmission.

Completed bill forms MUST be typed or printed and be clearly legible. Bills must be submitted on ORIGINAL (not photocopies or facsimiles) Statement for Miscellaneous Services forms. All boxes on the form other than those identified, as “not applicable” MUST be completed to ensure correct bill adjudication.

DO NOT STAPLE ANY ATTACHMENTS IN THE BAR CODE AREA AT THE TOP OF THE FORM.

All boxes on the form other than those identified, as “not applicable” must be completed in order to ensure correct bill adjudication.

1. Check the box indicating the applicable category of service. If your particular service category is not listed, check the “OTHER” box (e.g., interpreter services and licensed massage therapists would check the “other” box).

2. **WORKER’S NAME:** Enter worker’s last name, first name and middle name or initial.

3. **SOCIAL SECURITY NUMBER:** Enter worker’s social security number. This information will assist us in identifying the injured worker’s claim number if the claim number is missing or invalid.

4. **CLAIM NUMBER:** Enter the department-assigned claim number for the injury/condition being treated. Omission of this number will result in denial of payment.

Claim numbers are alpha-numeric, consisting of seven characters. The letter identifies the funding source, which is listed below.

**STATE FUND INDUSTRIAL INSURANCE**
All State Fund claim numbers contain six digits and are preceded by one of the following letters: B, C, F, G, H, J, K, L, M, N, P, X, Y or double alpha followed by 5 digits.

SELF-INSURANCE
Self-Insurance claim numbers are six digits preceded by an “S, T, W or double alpha (SA-SZ, TA-TZ, WA-WZ).” Self-Insurance claims should be sent directly to the employer or their service company. Department bill forms, Self-Insured forms, or other forms acceptable to the Self-Insurer may be used. If you have any questions about Self-Insured billing, please call the worker’s employer or Labor and Industries’ Self-Insurance section at (360) 902-6901.

5. ADDRESS: Enter worker’s current address.

* REIMBURSE INJ WORKER: Check applicable box indicating whether the worker has paid for the services.

7. DATE OF INJURY/ILLNESS: The date of injury/illness positively identifies each claim. This is important and must be included. A worker may have several claims; therefore, it is vital that the proper claim be identified and charged for services provided.

9. REFERRING PHYSICIAN PROVIDER NUMBER/NPI: Enter L&I provider account number and NPI of referring doctor.

10. Designate left or right side of body, when applicable.

11. FOR GLASSES: Indicate “yes” or “no,” if applicable to service being provided.

12. SERVICES RELATED TO HOSPITALIZATION: Not applicable.

13. ITEMIZATION OF SERVICES AND CHARGES:

   B. PLACE OF SERVICE: Enter required 2-digit place of service code. See list of codes in the Place of Service section of this booklet or on the reverse side of the bill form.
   C. PROCEDURE CODE: This code identifies the procedures performed or items provided (CPT/HCPCS/Local Code). The department's Medical Aid Rules and Fee Schedules lists the procedure code. Enter only one code per line.
   D. PROCEDURE CODE MODIFIER: Use only if applicable to your provider type and service provided. Modifiers are listed in the RBRVS section of the current fee schedule.
   E. DESCRIBE PROCEDURES: Enter brief description of services or supplies furnished.
   F. DENTAL TOOTH NUMBER: Enter tooth number. (Dental Services use only)

   Olympia WA 98504-4261
   Fax 360-902-4484

   PLEASE INCLUDE THE L&I PROVIDER ACCOUNT NUMBER(S) THAT YOU’RE SUBMITTING A CHANGE FOR ON YOUR CORRESPONDENCE.
