| Welcome and Introductions | Alan Lundeen |
| <p>Subcommittees update: Subcommittee for Model Programs Hazard assessment documents. Thanks to all of the people that participated in the Hazardous Drugs Exposure Risk Algorithm. This is a draft guideline to assess the drugs for hazards. This should be labeled "Human Preparation". There are many other algorithms that need to be done. This is a decision tree to assess the hazardous drugs used in the work place.</p> <p>The Hazardous Drug Advisory Committee will approve the model programs that go on the website.</p> | Jeff Rochon |
| <p>NIOSH Data subcommittee There is no data that NIOSH has provided us about the decision making process of why these drugs have made these drugs on the list. Lisa has tried to find information on the drugs on the NIOSH list drugs. Lisa will provide the progress about the hazard assessment.</p> | Lisa Parshley |
| <p>DOSH Education and Outreach Lena Wang gave a short presentation about Labor and Industries our Education and Outreach materials that are available. Handout were available for attendees.</p> | |
| <p>DOSH Update Assured that the Anne Soiza Assistant Director of Division of Occupational Safety and Health has the authority to delay the enforcement of the rule. Anne would like to make sure that labor is backing this delay as well.</p> <p>Jeff Rochon has offered to meet with Anne to give a presentation for the subcommittee. The employees groups that are not part of this Advisory Committee should be part of the committee.</p> | Alan Lundeen |
| <p>Chair comments - Employee representative Employee committee is assessing different sites to see what is needed to assess the hazards. We had five committee members and one member has pulled out. This leaves one member position available.</p> | Karen Bowman |
