

## Construction fatalities supplement WA FACE Program March 2000

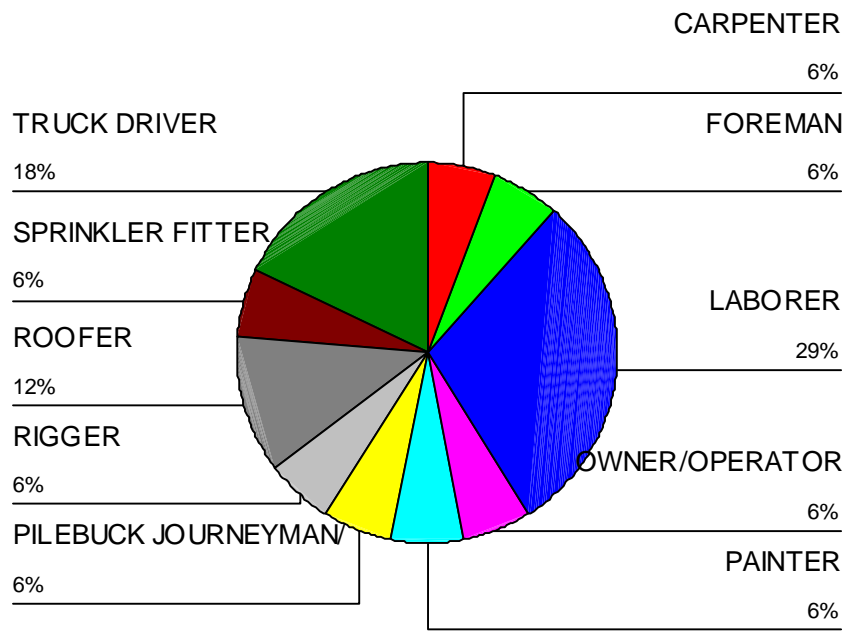

In 1999, there were 17 construction fatalities as counted by the FACE program, compared to 16 in 1998. The following figures break down the 1999 construction fatalities by incident type, Standard Industrial Classification (SIC) code, and occupation.

**Figure 1 FACE fatalities by incident type, 1999, n=17.**

**Figure 2 FACE fatalities by SIC code, 1999, n=17.**

**Figure 3 FACE fatalities by occupation, 1999, n=17.**
