Warning letters issued and site checked again: **1,214**

### Consultations and Inspections

from 3/1/2020 to 12/31/2020

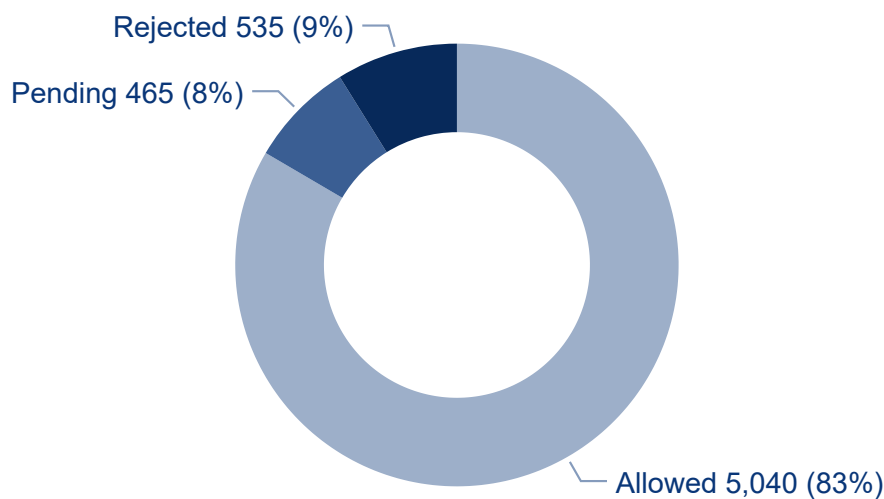

COVID-19-related consultations: **512**

COVID-19-related inspections: **1,321**

Inspections with violations (COVID-19 and others): **568**

## Helping Workers Heal & Return to Work

### COVID-19 workers' compensation claims

COVID-19 claims: **6,040**

Filed by healthcare workers: **57%**

Filed by first responders: **10%**

Filed by workers in other industries: **33%**

Includes both state fund and self-insured claims received 3/1/2020-12/31/2020.

#### Important note:

The consultations and inspections above involved a COVID-19 safety complaint or resulted in a COVID-19 safety violation. However, **all** consultations and inspections by L&I's Division of Occupational Safety and Health (DOSH) review compliance with COVID-19-related health and safety regulations. Since March 2020, DOSH has completed **3,558** on-site inspections and **1,384** consultations.
