

EPIS for Secure Access Washington users

Class B Labels

Updated June 2024

It is easy to purchase Class B Labels online!

*****Close all tabs, except for the EPIS account, on your browser before purchasing*****

Before beginning work, you must validate a label. After validation, you can either print the label to post on the jobsite or just post the label number in a conspicuous permanent manner. See WAC [296-46B-908\(2\)](#)

Submenu definitions:

- **View All** – Displays all Class B permits issued within the selected date range
- **View Active Only** – Displays Class B that are in “active status”. Permits that have been inspected or voided will not be displayed.
- **Validate** – Displays Class B’s that have not yet been validated. (no address information entered)
- **View Validated Class B** – Displays Class B permits that have been validated.
- **View Fee Due Only** – Class B permits where an inspection has been performed and corrections were written requiring a fee due being assessed.
- **View Open Corrections** – Displays a list of Class B permits that have been inspected and have open corrections.

View all – will display all class B labels in the list. This is restricted to Class B books sold after 3/1/2013 and within the date range entered. The example below is test data only.

Permits – 240 records found.

Select the permit from the list, by clicking on the number on the left hand side to view, validate or pay fee dues.

VALIDATING a Class B Permit

One of the changes to the WAC 296-46B-908 requires the customer to “validate” a Class B label/permit when it is used using EPIS through My L&I: Sign In.

To “validate” a Class B permit either:

1. Select the sticker/label/permit from the list using **Validate** or **View all**
2. **OR** enter the number in the Class B Sticker Number field as shown below:
