The [Washington State Department of Labor & Industries](#) (L&I) will hold a public hearing on the proposed amendments to the electrical rules under [WAC 296-46B-995](#). The purpose of the hearing is to receive public comment on the proposed amendments.

L&I accepted a petition for rulemaking from the state's Electrical Board to amend the rules governing the Electrical Board, appeals and the appeals process. This rulemaking proposes amendments requested by the petitioner to clarify, simplify, and make the procedures for appeals to the board easier to understand and navigate.

The proposed amendments will:

- Modify the procedural requirements for the Electrical Board and Electrical Board meetings;
- Modify the appeal and hearing requirements for matters to the board; and
- Modify the rules for general housekeeping, such as punctuation, typographical and reference corrections, formatting, reorganizing and relocating requirements, removal of obsolete language, etc.

You can review the proposed rules [here](#) or by clicking on the Electrical Program's "[Rule Development](#)" page.
