## EXAMINATIONS BY PSI

This Candidate Information Bulletin provides you with information about the examination and application process for certification in Washington as an electrician, master electrician, modified trainee, electrical and telecommunications administrator.

The Department of Labor & Industries (L&I) has contracted with PSI Services LLC (PSI) to conduct its examination program. PSI works closely with L&I to be certain that the examination meets local as well as national requirements in basic principles and examination development standards.

## GUIDELINES FOR L&I CERTIFICATION

### HOW TO OBTAIN A CERTIFICATION

1. Electrician candidates must first apply and be approved by the Department of Labor & Industries (L&I) before they can register for a PSI exam.

Applications may be obtained from L&I at: [www.lni.wa.gov/ElectricalLicensing](http://www.lni.wa.gov/ElectricalLicensing). Select Electrician, review all information and find the Apply tab.

When L&I approves your application, they will send you an eligibility notice with instructions and an Exam Unique ID that you must use to register for your PSI exam.

2. Administrator candidates need no approval from L&I to register for a PSI exam.

Once candidates pass all sections of the exam, they can avoid having to retest by applying for their administrator certificate within 90 days of the last passing score. See PSI score reports for application instructions.

Learn more: <https://www.lni.wa.gov/ElectricalExamInfo>

All questions and requests for information about PSI examinations should be directed to PSI.

## EXAMINATION SCHEDULING PROCEDURES

Once you have been approved by L&I, you are responsible for contacting PSI to schedule an appointment to take the examination. You may either schedule via the Internet at <https://test-takers.psiexams.com/walaborind>, or schedule over the telephone at (855) 834-8751.

- You have one year from your approval date to pass all sections of the examination. After that year is over, if you have not successfully passed all sections you have to

re-apply with the Department. Please note if you fail you must wait 14 days to retest.

If you fail a 3<sup>rd</sup> attempt, you must wait 3 months from the last fail date to retest for each future attempt.

- For Administrators, you must pass all sections of the examination within one year.
- For the Modified Trainee examination, if you don't pass within one year, your approval to test will expire. You must contact the Department of Labor & Industries for information regarding application requirements.
- When scheduling an examination, keep in mind that there are several categories of electrical work (i.e., general, residential, telecommunications). A separate examination is offered for each category. These separate sections need to be scheduled for the same examination day.
- Examination fees are valid for one year.

### FEES

PSI charges per hour for most examinations. Examinations that are based on a series of separate sections, however, such as the Master Electrician exam, will be billed at a flat rate. This is regardless of how many sections you take, complete, or how long you spend on the examination. But if you retest on this examination within a year, you will be billed per hour on the retest sections.

| Exam Time | Fee      |
|-----------|----------|
| 1 hour    | \$45.00  |
| 2 hours   | \$55.00  |
| 3 hours   | \$65.00  |
| 4 hours   | \$75.00  |
| 5 hours   | \$85.00  |
| 6 hours   | \$95.00  |
| 7 hours   | \$105.00 |

**NOTE: REGISTRATION FEES ARE NOT REFUNDABLE OR TRANSFERABLE**

## CANCEL OR RESCHEDULE AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee if your *cancellation notice is received 2 days before the scheduled examination date*. For example, for a Monday appointment, the cancellation notice would need to be received on the previous Saturday. You may call PSI at (855) 834-8751.

**Note: A voicemail or email message is not an acceptable form of cancellation. Please use the PSI Website or call PSI and speak to a Customer Service Representative.**

## MISSED APPOINTMENT OR LATE CANCELLATION

Your registration will be invalid, you will not be able to take the examination as scheduled, and you will forfeit your examination fee, if you:

- Do not cancel your appointment 2 days before the scheduled examination date;
- Do not appear for your examination appointment;
- Arrive after examination start time;
- Do not present proper identification when you arrive for the examination. *You must provide 2 forms of identification*. One must be a VALID form of government issued identification (driver's license, state ID, passport, military ID), which bears your signature and has your photograph. The second ID must have your signature and preprinted legal name.

If you cannot provide the required identification, you must call (855) 834-8751 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. ***Failure to provide ALL of the required identification at the time of the examination without***

*notifying PSI is considered a missed appointment and you will not be able to take the examination at that time.*

### EXAM ACCOMMODATIONS

All examination centers are equipped to provide access in accordance with the Americans with Disabilities Act (ADA) of 1990, and exam accommodations will be made in meeting a candidate's needs. Applicants with disabilities or those who would otherwise have difficulty taking the examination must contact L&I for approval for exam accommodations.

**Learn more:** Select the Special Accommodations tab at: <https://www.lni.wa.gov/ElectricalExamInfo>. Please do NOT contact PSI.

For fastest service, request an accommodation by email to [ElectricalProgram@lni.wa.gov](mailto:ElectricalProgram@lni.wa.gov) or call 360-902-5249.

You can also request by mail: Washington State Department of Labor & Industries, PO Box 44460, Olympia, WA 98504-4460.

Do not schedule your examination with PSI until you have received a determination on your request from L&I.

### EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation. However, you may check the status of your examination schedule by calling (855) 834-8751. Every effort will be made to reschedule your examination at a convenient time as soon as possible. You may also check our website at <https://test-takers.psiexams.com/walaborind>.

PSI has examination centers in many other regions across the United States. You may take this examination at any of these locations. Once you have paid for the examination, enter your zip code and a list of the testing sites closest to you will appear.

### REPORTING TO THE EXAMINATION SITE

On the day of the examination, you should arrive at least 30 minutes before your appointment. This extra time is for signing in and familiarizing you with the examination process. *If you arrive late, you may not be admitted to the examination site and you will forfeit your examination fee.*

### REQUIRED IDENTIFICATION AT EXAMINATION SITE

*You must provide 2 forms of identification. One must be a VALID form of government issued identification (driver's license, state ID, passport, military ID), which bears your signature and has your photograph. The second ID must have your signature and preprinted legal name.*

If you cannot provide the required identification, you must call (855) 834-8751 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. *Failure to provide ALL of the required identification at the time of the examination without notifying PSI is considered a missed appointment and you will not be able to take the examination at that time.*

### SECURITY PROCEDURES

The following security procedures will apply during the examination:

- If you leave the testing room while the examination is in progress, you must sign out/in on the sign-in sheet and you will lose the examination time. You are not allowed

to use any electronic devices or telephones during the examination.

- Only non-programmable calculators that are silent, battery-operated, do not have paper tape printing capabilities, and do not have a keyboard containing the alphabet will be allowed in the examination site. If the calculator is in question, you will be asked to use a calculator provided at the site.
- Candidates may take only approved items into the examination room.
- All personal belongings of candidates, with the exception of close-fitting jackets or sweatshirts, should be placed in the secure storage provided at each site prior to entering the examination room. Personal belongings **include, but are not limited to**, the following items:
  - **Electronic devices of any type**, including cellular / mobile phones, recording devices, electronic watches, cameras, pagers, laptop computers, tablet computers (e.g., iPads), music players (e.g., iPods), smart watches, radios, or electronic games.
  - **Bulky or loose clothing or coats** that could be used to conceal recording devices or notes, including coats, shawls, hooded clothing, heavy jackets, or overcoats.
  - **Hats or headgear not worn for religious reasons** or as religious apparel, including hats, baseball caps, or visors.
  - **Other personal items**, including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, pens, pencils, other writing devices, food, drinks, and good luck items.
- Person(s) accompanying an examination candidate may not wait in the examination center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues or instructors.
- No smoking, eating, or drinking is allowed in the examination center.
- During the check in process, all candidates will be asked if they possess any prohibited items. Candidates may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. The proctor may also ask candidates to lift up the ends of their sleeves and the bottoms of their pant legs to ensure that notes or recording devices are not being hidden there.
- Proctors will also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a recording device. Proctors will ask to inspect any such items in candidates' pockets.
- If prohibited items are found during check-in, candidates shall put them in the provided secure storage or return these items to their vehicle. PSI will not be responsible for the security of any personal belongings or prohibited items.
- Any candidate possessing prohibited items in the examination room shall immediately have his or her test results invalidated, and PSI shall notify the examination sponsor of the occurrence.
- Any candidate seen giving or receiving assistance on an examination, found with unauthorized materials, or who violates any security regulations will be asked to surrender all examination materials and to leave the examination center. All such instances will be reported to the examination sponsor.
- Copying or communicating examination content is violation of a candidate's contract with PSI, and federal

and state law. Either may result in the disqualification of examination results and may lead to legal action.

- Once candidates have been seated and the examination begins, they may leave the examination room only to use the restroom, and only after obtaining permission from the proctor. Candidate will not receive extra time to complete the examination.

## TAKING THE EXAM BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

### TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

### TEST QUESTION SCREEN

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

**IMPORTANT:** After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

### EXAMINATION REVIEW

PSI, in cooperation with the department, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions. Comments may be entered by clicking the Comments link on the function bar of the test question screen.

These comments will be analyzed by PSI examination development staff. PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. **This is the only review of examination materials available to candidates.**

## SCORE REPORTING

You must score 70% to pass. Your score will be given to you immediately following completion of the examination. The following summary describes the score reporting process:

- **On screen** - your score will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination;
  - If you **pass**, you will immediately receive a successful notification.
  - If you **do not pass**, you will receive a diagnostic report indicating your strengths and weaknesses by examination type with the score report.

- **On paper** - an unofficial score report will be printed at the examination site.

### DUPLICATE SCORE REPORTS

You may request a duplicate score report after your examination by emailing [scorereport@psionline.com](mailto:scorereport@psionline.com) or by calling (855) 834-8751.

## TIPS FOR PREPARING FOR YOUR EXAMINATION

The following suggestions will help you prepare for your examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

### EXPERIMENTAL QUESTIONS

In addition to the number of questions per examination, 10 “experimental” questions may be administered to candidates during the examinations. These questions will not be scored and the time taken to answer them will not count against examination time. The administration of such non-scored experimental questions is an essential step in developing future licensing examinations.]

## EXAMINATION INFORMATION

All examinations are open book. It is okay to use **ANY** original copyrighted material (including material that contains questions and answers), and a silent, nonprinting, nonprogrammable calculator.

If the calculator is in question, you will be asked to use a calculator provided at the site.

Copies of the Washington state [RCW/WAC](#) downloaded from the internet are acceptable, provided they are in a binder. Select PDF before printing.

Copyrighted material may have highlighting, underlining, and index tabs (permanent only) prior to entering the examination area. Post-It, sticky, repositionable and other

types of notes that are removable are **not** permitted. References may **not** be written in.

**Please be aware that markings in books constitute an attempt to cheat on an examination.** Two sheets of paper and a pencil will be collected at end of the examination.

➤ **All examinations require that you have a working grasp of the National Electrical Code, Washington laws and rules, and a basic level of electrical theory knowledge.** All law, rule and code questions are based on the current version of the Revised Code of Washington (RCW) 19.28 and Washington Administrative Code (WAC) 296-46B, and the 2020 National Electrical Code.

➤ **It is recommended that you have appropriate classroom education to be successful in passing the exam.** On-the-job experience is typically not enough to ensure a passing grade.

➤ **You should be familiar with general copyrighted electrical or telecommunication publications, as well as general math and electrical theory computation.** All theory questions are general in nature and are based on information from general copyrighted electrical or telecommunication publications.

Theory questions may include: general math and electrical theory computation questions.

➤ **Carefully check what you are expected to know for your exam.** Several specialties are allowed to perform the work of other specialties. The exams will reflect this expectation. In other words, you may be tested on multiple specialties and, if you are not prepared, the questions may be beyond your preparation. For example, 07C Nonresidential Restricted Maintenance Electricians are allowed to perform all the work of 07B Residential Maintenance Electricians; consequently, they must also be knowledgeable of work done as a 07B Residential Maintenance Electrician. Learn more about specialties in [WAC 296-46B-920\(2\)](#).
