INTRODUCTION

This document is an apprenticeship program standard. Apprenticeship program standards govern how an apprenticeship works and have specific requirements. This document will explain the requirements.

The director of the Department of Labor and Industries (L&I) appoints the Washington State Apprenticeship and Training Council (WSATC) to regulate apprenticeship program standards. The director appoints and deputizes an assistant director to be known as the supervisor of apprenticeship who oversees administrative functions through the apprenticeship section at the department.

The WSATC is the sole regulatory body for apprenticeship standards in Washington. It approves, administers, and enforces apprenticeship standards, and recognizes apprentices when either registered with L&I's apprenticeship section, or under the terms and conditions of a reciprocal agreement. WSATC also must approve any changes to apprenticeship program standards.

Apprenticeship programs have sponsors. A sponsor operates an apprenticeship program and declares their purpose and policy herein to establish an organized system of registered apprenticeship education and training. The sponsor recognizes WSATC authority to regulate and will submit a revision request to the WSATC when making changes to an apprenticeship program standard.

Apprenticeships are governed by federal law (29 U.S.C 50), federal regulations (29 CFR Part 29 & 30), state law (49.04 RCW) and administrative rules (WAC 296-05). These standards conform to all of the above and are read together with federal and state laws and rules

Standards are changed with WSATC approval. Changes are binding on apprentices, sponsors, training agents, and anyone else working under an agreement governed by the standards. Sponsors may have to maintain additional information as supplemental to these standards. When a standard is changed, sponsors are required to notify apprentices and training agents. If changes in federal or state law make any part of these standards illegal, the remaining parts are still valid and remain in force. Only the part made illegal by changes in law is invalid. L&I and the WSATC may cooperate to make corrections to the standards if necessary to administer the standards.

Sections of these standards identified as bold "insert text" fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of these standards are boilerplate and may only be modified by the WSATC. See WAC 296-05-003 for the definitions necessary for use with these standards.

Sponsor Introductory Statement (Required):

Peninsula Light Company and the International Brotherhood of Electrical Workers Local #483, mutually working together for the advancement of the Company and the progress of

PENINSULA LIGHT COMPANY APPRENTICESHIP COMMITTEE

the employees, have developed a program of practical and technical personnel training. The apprentices of the Peninsula Light Company will gain a better understanding of their craft and a recognition of their obligation to the community. We therefore believe that the interests of the people of the State of Washington, the employees and Peninsula Light Company will be better served by this formal apprenticeship system.

The following standards for the development of apprentices have been recommended by the Joint Apprenticeship Training Committee in accordance with provisions of the Collective Bargaining Agreement and in cooperation with Washington State Apprenticeship and Training Council.

I. GEOGRAPHIC AREA COVERED:

The sponsor must train inside the area covered by these standards. If the sponsor wants to train outside the area covered by these standards, the sponsor must enter a portability agreement with a sponsor outside the area, and provide evidence of such an agreement for compliance purposes. Portability agreements permit training agents to use apprentices outside the area covered by the standards. Portability agreements are governed by WAC 296-05-009.

All distribution areas of the Peninsula Light Company in the State of Washington with operating headquarters in Pierce County, Washington.

II. MINIMUM QUALIFICATIONS:

Minimum qualifications must be clearly stated and applied in a nondiscriminatory manner [WAC 296-05-015(17)].

III. CONDUCT OF PROGRAM UNDER WASHINGTON EQUAL EMPLOYMENT OPPORTUNITY PLAN:

PENINSULA LIGHT COMPANY APPRENTICESHIP COMMITTEE

Sponsors with five (5) or more apprentices must adopt an Equal Employment Opportunity (EEO) Plan and Selection Procedure (chapter 296-05 WAC and 29 CFR Part 30).

The recruitment, selection, employment and training of apprentices during their apprenticeship shall be without discrimination because of race, sex (including pregnancy and gender identity), sexual orientation, color, religion, national origin, age, genetic information, disability or as otherwise specified by law. The sponsor shall take positive action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required by the rules of the Washington State Apprenticeship and Training Council and Title 29, Part 30 of the Code of Federal Regulations.

A. Selection Procedures:

These procedures will be followed when Peninsula Light has 5 or more apprentices:

- 1. When an apprenticeship vacancy occurs, the position is posted internally and externally at the same time for a minimum of 30 days. Job advertisements are placed in several newspapers and sent to several 2-year college (both academic and technical) career offices. The Collective Bargaining Agreement states fillings of job openings shall be accomplished in the following order: 1) best qualified within classification, 2) best qualified from another qualification, and 3) best qualified from outside the work force. The Collective Bargaining Agreement gives priority to job applicants that are current employees in another qualification before those job applicants that are from outside the company.**
- 2. The apprenticeship job description minimum qualification regarding driver's license shall be changed from: "must possess a commercial driver's license" to "must obtain a commercial driver license with a Class A endorsement within thirty (30) calendar days of hire.**

B. Equal Employment Opportunity Plan:

This plan will be implemented when Peninsula Light has 5 or more apprentices:

- 1. Participate in workshops to increase apprenticeship program awareness of apprenticeship opportunities.**
- 2. Cooperate with local school districts preparing students for entry into apprenticeship.**
- 3. Distribute information about the apprenticeship program to include admission requirements.**

The following statements will be included in advertisements and announcements for positions: "The Cooperative is an Equal Opportunity Employer. Women and minorities are encouraged to apply." Advertisements

PENINSULA LIGHT COMPANY APPRENTICESHIP COMMITTEE

and announcements of employment opportunities will be posted with Pierce County Work Source Center and area minority communities.

4. **Grant advance standing or credit for previously acquired experience or training on a case by case basis.**

C. Discrimination Complaints:

Any apprentice or applicant for apprenticeship who believes they have been discriminated against may file a complaint with the supervisor of apprenticeship (WAC 296-05-443).

IV. TERM OF APPRENTICESHIP:

The term of apprenticeship for an individual apprentice may be measured through the completion of the industry standard for on-the-job learning (at least two thousand hours) (time-based approach), the attainment of competency (competency-based approach), or a blend of the time-based and competency-based approaches (hybrid approach) [WAC 296-05-015].

A. **LINEMAN:**

The term of apprenticeship shall include 7000 hours of training as set forth in Item 8-A (Work Processes-Lineman) of this document. The 7000 hours of training is to be done over a period of time not less than three and one half (3 1/2) years of reasonably continuous employment.

B. **METERMAN:**

The term of apprenticeship shall include 6000 hours of training as set forth in Item 8-C (Work Processes - Meterman) of this document. The 6000 hours of training is to be done over a period of time not less than three (3) years of reasonably continuous employment.

C. **WIREMAN:**

The term of apprenticeship shall include 8000 hours of training as set forth in Item 8-B (Work Processes-Wireman) of this document. The 8000 hours of training is to be done over a period of time of not less than four (4) years of reasonably continuous employment.

V. INITIAL PROBATIONARY PERIOD:

PENINSULA LIGHT COMPANY APPRENTICESHIP COMMITTEE

An initial probationary period applies to all apprentices, unless the apprentice has transferred from another program. During an initial probationary period, an apprentice can be discharged without appeal rights. An initial probationary period is stated in hours or competency steps of employment. The initial probationary period is not reduced by advanced credit or standing. During an initial probationary period, apprentices receive full credit for hours and competency steps toward completion of their apprenticeship. Transferred apprentices are not subject to additional initial probationary periods [WAC 296-05-003].

The initial probationary period is [WAC 296-05-015(22)]:

- A. the period following the apprentice's registration into the program. An initial probationary period must not be longer than twenty percent of the term of the entire apprenticeship, or longer than a year from the date the apprenticeship is registered. The WSATC can grant exemptions for longer initial probationary periods if required by law.
- B. the period in which the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. The sponsor or the apprentice may terminate the agreement without a hearing or stated cause. An appeal process is not available to apprentices in their initial probationary period.

All apprentices employed in accordance with these Standards shall be subject to a probationary period of the first 1000 hours of employment. Credited hours shall not apply toward probation time.

VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS

Supervision is the necessary education, assistance, and control provided by a journey-level employee on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. Sponsors ensure apprentices are supervised by competent, qualified journey-level employees. Journey level-employees are responsible for the work apprentices perform, in order to promote the safety, health, and education of the apprentice.

- A. The journey-level employee must be of the same apprenticeable occupation as the apprentice they are supervising unless otherwise allowed by the Revised Code of Washington (RCW) or the Washington Administrative Code (WAC) and approved by the WSATC.
- B. The numeric ratio of apprentices to journey-level employees may not exceed one apprentice per journey-level worker [WAC 296-05-015(5)].
- C. Apprentices will work the same hours as journey-level workers, except when such hours may interfere with related/supplemental instruction.
- D. Any variance to the rules and/or policies stated in this section must be approved by the WSATC.

PENINSULA LIGHT COMPANY APPRENTICESHIP COMMITTEE

- E. The ratio must be described in a specific and clear manner, as to the application in terms of job site, work group, department or plant:

The maximum approvable ratio shall be one (1) apprentice for one (1) journey level worker on a jobsite.

VII. APPRENTICE WAGES AND WAGE PROGRESSION:

- A. Apprentices must be paid at least Washington’s minimum wage, unless a local ordinance or a collective bargaining agreement require a higher wage. Apprentices must be paid according to a progressively increasing wage scale. The wage scale for apprentices is based on the specified journey-level wage for their occupation. Wage increases are based on hours worked or competencies attained. The sponsor determines wage increases. Sponsors must submit the journey-level wage at least annually or whenever changed to the department as an addendum to these standards. Journey-level wage reports may be submitted on a form provided by the department. Apprentices and others should contact the sponsor or the Department for the most recent Journey-level wage rate.
- B. Sponsors can grant advanced standing, and grant a wage increase, when apprentices demonstrate abilities and mastery of their occupation. When advanced standing is granted, the sponsor notifies the employer/training agent of the wage increase the apprenticeship program standard requires.
- C. Wage Progression Schedules

The following is a condensed schedule of work experience, which every apprentice shall follow as closely as conditions will permit. The following work process descriptions pertain to the occupation being defined.

The apprentice shall be given such experience and instruction as is necessary to develop a practical, skillful, competent craftsman and in-so-far as practicable, this will cover all branches of the trade. The schedule of work experience shown below in this section is recommended for the different branches of the trade. It is recognized that this will vary due to the work being done by the crews. The department will, in-so-far as practicable and consistent with the work being done by the crews, give adequate training in all branches of the trade.
