The Blue Ribbon Commission on Transportation found that state and local transportation agencies are showing signs of a workforce that is insufficiently skilled to operate the transportation system at its highest level. Sections 201 through 206 of this act are intended to explore methods for fostering a stronger industry in transportation planning and engineering.
- (2) It is the intent of the legislature that the state prevailing wage process operate efficiently, that the process allow contractors and workers to be paid promptly, and that new technologies and innovative outreach methods be used to enhance wage surveys in order to better reflect current wages in counties across the state.
- (3) The legislature finds that in order to enhance the prevailing wage process it is appropriate for all intent and affidavit fees paid by contractors be dedicated to the sole purpose of administering the state prevailing wage program.
- (4) To accomplish the intent of this section and in order to enhance the response of businesses and labor representatives to the prevailing wage survey process, the department of labor and industries shall undertake the following activities:

- prevailing wage rates, and ensure uniform compliance with requirements of sections 201 through 206 of this act;
- (d) Maintain a timely processing of intents and affidavits, with a target processing time no greater than seven working days from receipt of completed forms;
 - (e) Develop and implement electronic processing of intents and affidavits and promote the efficient and effective use of technology to improve the services provided by the prevailing wage program." [2003 c 363 § 201.]

- (3) If the apprenticeship committee and the college or colleges involved with the program determine that a pathway would be beneficial for apprentices and assist them in obtaining an associate degree, the apprenticeship committee may request that a pathway be established as provided in RCW [28B.50.890](#).

Notes:

Findings -- 2003 c 128: "The legislature finds that:

- (1) Apprenticeships are very rigorous and highly structured programs with specific academic and work training requirements;
- (2) There is a misperception that apprenticeships are only for noncollege bound students; and

- (2) Further, the legislature finds that it is in the state's interest to make students aware of the educational training programs and career employment opportunities.

- (3) Therefore, the following shall be implemented to expand opportunities for secondary school students to prepare for technical careers and related apprenticeships:
