This policy establishes the process through which education-based apprenticeship preparation programs can seek and obtain formal recognition from the Washington State Apprenticeship and Training Council (WSATC) for their efforts to link participants to registered apprenticeship opportunities in accordance with chapter 49.04.160 RCW. Furthermore, the WSATC believes registered apprenticeship produces highly skilled workers and contributes to the economic vitality of the state. This policy attempts to ensure all who are interested have access to information about recognized pathways to registered apprenticeship programs and equal opportunity to participate.

I. Definitions:

A. Registered apprenticeships provide training and education to apprentices through a combination of on-the-job training (OJT) and related supplemental instruction (RSI), under the supervision of a journey-level craft person or trade professional in which workers learn the practical and theoretical aspects of a skilled occupation. Registered apprenticeship programs are regulated by the WSATC.

*See WAC 296-05 for full definition of registered apprenticeship.
