Provider incentive per adoption level. Paid at the first visit, for the first three COHE and PIP participating providers for the first year of the claim from claim established date. The first three attending providers (either initiating or becoming attending for the worker) will be assessed through dates of service on billing, so the first bills to be received will be those which are included in this calculation. Adoption level is based on the best practice assessment on the last schedule reporting.	1084M	High Adoption	\$232.71	\$232.71
