## Definitions

- ▶ **By report (BR):** A code listed in the fee schedule as BR doesn't have an established fee because the service is too unusual, variable, or new. When billing for the code, the provider must provide a report that defines or describes the services or procedures. The insurer will determine an appropriate fee based on the report.

**Link:** For the legal definition of By report, see: [WAC 296-20-01002](#).

- ▶ **Residence (home) modification:** A residence or home modification is a permanent change to an existing residence or a repair of a modification previously approved and paid for by the department or self-insured employer, or a modification made when constructing a new residence.

**Link:** For more information, see: [WAC 296-14-6200](#).

**For Job Modifications and Pre-Job Modifications see Chapter 30:**  
[Vocational Services](#)

## Payment policy: Home modifications

(See definition of **Home modification** in Definitions at the beginning of this chapter.)

### ▶ Prior authorization

A **consultation** for a:

- State Fund claimant must be pre-authorized by claim manager, *and*
- Self-insured employer claimant, you must contact the employer or their claim management representative for pre-authorization.

**Construction and design** work done for a:

- State Fund claimant must be preauthorized by the Assistant Director for the Insurance Services Program (AD), *and*
- Self-insured employer claimant can't be denied without L&I's AD's approval.

### ▶ Who must perform these services to qualify for payment

The home modification consultant must:

- Be a licensed nurse, occupational therapist, or physical therapist, *and*
- Have training or experience in both rehabilitation of catastrophic injuries and modifying homes.

**Note:** See more information about who can bill for specific services in the Home modifications fee schedule below.

► **Services that can be billed**
