## Definitions

**Bundled codes:** Are procedure codes that are not separately payable because they are accounted for and included in the payment of other procedure codes and services.

**Link:** For the legal definition of **Bundled** codes, see [WAC 296-20-01002](#).

- ▶ **By report (BR):** A code listed in the fee schedule as BR doesn't have an established fee because the service is too unusual, variable, or new. When billing for the code, the provider must provide a report that defines or describes the services or procedures. The insurer will determine an appropriate fee based on the report.

**Link:** For the legal definition of **By report**, see [WAC 296-20-01002](#).

- ▶ **Job analysis (JA):** A JA is a detailed evaluation of a specific job or type of job. A JA is used to help determine the types of jobs a worker could reasonably perform considering the worker's skills, work experience and physical limitations or to determine the worker's ability to perform a specific job. The job evaluated in the JA may or may not be offered to the worker and it may or may not be linked to a specific employer.
- ▶ **Job description:** A job description is an employer's brief evaluation of a specific job or type of job that the employer intends to offer a worker.
- ▶ **Job offer:** A job offer is based on an employer's desire to offer a specific job to a worker. The job offer may be based on a job description or a job analysis.

**Link:** For more information about **Job offers**, see [RCW 51.32.090\(4\)](#).

## Payment policy: Copies of medical records

### ▶ Who must perform these services to qualify for payment

Only providers who have provided healthcare services to the worker may bill HCPCS codes **S9981** or **S9982**.

### ▶ Services that can be billed

All records to support billed services must be provided to the department, at no cost. If the insurer requests records from a healthcare provider that are for services not provided under the claim, the insurer will pay for the requested records, regardless of whether the provider is currently treating the worker or has treated the worker at some time in the past, including prior to the injury.

**Note:** L&I may request records before, during or after the delivery of services to ensure workers receive proper and necessary medical care and to ensure provider compliance with the department's MARFS. The provider must submit the requested records within 30 calendar days from receipt of the request. Failure to do so may result in denial or recoupment of bill payment(s).

**Link:** For more information, see [WAC 296-20-02005](#) and [WAC 296-20-02010](#).

Providers may bill for CD/DVDs of medical records requested by the insurer using HCPCS code **S9981**.

Payment will be made per complete record requested by the insurer.

Providers may bill for paper copies of medical records requested by the insurer using HCPCS code **S9982**.

Payment will be made per copied page.

### ▶ Payment limits

Payment for **S9981** and **S9982** includes all costs, including postage.

**S9981** and **S9982** aren't payable for services required to support billing or to commercial copy centers or printers who reproduce records for providers.

**Links:** More information on reports and forms listed above is provided in [WAC 296-20-06101](#).

Many L&I forms are available and can be downloaded from: <https://www.lni.wa.gov/> and all reports and forms may be requested from the Provider Hotline at **1-800-848-0811**.

**Note:** Forms that require a hands-on physical examination may **not** be completed via a telehealth encounter (e.g. Report of Accident, Provider's Initial Report, Activity Prescription Form).

## Payment policy: Review of job offers, job analyses, and job descriptions

(See definitions of **Job analysis (JA)**, **Job description** and **Job offer** in Definitions at the beginning of this chapter.)

Job analyses and job descriptions identify the physical requirements of a potential job for the worker.

The medical provider reviews the JA or job description(s) to determine whether the worker can perform a specific job. The provider sends the insurer (and vocational provider, if applicable) a response, indicating whether the worker can perform the job described, or if not, specifying any modifications needed to enable the worker to do the job.

### ▶ Prior authorization

Prior authorization is required for review of JAs and job descriptions if not requested by the insurer, employer or vocational provider.

### ▶ Who must perform these services to qualify for payment

#### Job offers

Attending providers must review the physical requirements documented in the job description or job analysis of any job offer submitted by the employer of record and determine whether the worker can perform that job.

#### JAs and job descriptions

Attending providers, Independent Medical Examiners and consulting physicians will be paid for review of job descriptions or JAs.

**Notes:** A job description/JA review may be performed at the request of the employer, the insurer, Vocational Rehabilitation Counselor (VRC), or Third Party Administrator (TPA). This service is payable in addition to other services performed on the same day. The provider must send a copy of each job description or job analysis reviewed to the insurer.

Reviews requested by other persons (for example, attorneys or workers) won't be paid.
