Purpose of the proposal and its anticipated effects, including any changes in existing rules: L&I is filing a continuance of the proposal (WSR 21-11-082) **to correct the public hearing locations information.** The originally scheduled public hearing dates and times remain the same.

The purpose of this rulemaking is to propose amendments to the state's elevator rules and fees under chapter 296-96 WAC.

L&I has reviewed the elevator rules to address requests from stakeholders held over from a past 2018 rulemaking process and to further update and clarify existing rules. Washington's elevator stakeholders were invited to participate in the review, submit proposals for changes to the rules, and provide recommendations to L&I regarding possible rule changes. A Technical Advisory Committee (TAC) of industry experts and the Elevator Safety Advisory Committee (ESAC) reviewed the proposals and provided recommendations to L&I on adoption of the rules. This rulemaking proposes amendments based on the review and stakeholder recommendations to improve public safety.

L&I has also evaluated the elevator program's budget and projected revenue and a fee increase is needed to support operating expenses for inspections of conveyances and other elevator program public safety activities.

Reasons supporting proposal: This rulemaking proposes changes based on recommendations from L&I, TAC, and ESAC identified during the 2019 rule development process, as well as other changes needed for the improvement of public safety. A fee increase enables the elevator program to continue providing quality and timely services to customers to protect structures, workers, and the public from conveyance incidents.

Statutory authority for adoption: Chapter 70.87 RCW

Statute being implemented: Chapter 70.87 RCW

Is rule necessary because of a:

Federal Law? Yes No

Federal Court Decision? Yes No

State Court Decision? Yes No

If yes, CITATION:

Agency comments or recommendations, if any, as to statutory language, implementation, enforcement, and fiscal matters: None.

Name of proponent: (person or organization) Department of Labor & Industries Private Public Governmental

No: Please explain:

Regulatory Fairness Act Cost Considerations for a Small Business Economic Impact Statement:

This rule proposal, or portions of the proposal, **may be exempt** from requirements of the Regulatory Fairness Act (see chapter 19.85 RCW). Please check the box for any applicable exemption(s):

This rule proposal, or portions of the proposal, is exempt under RCW 19.85.061 because this rule making is being adopted solely to conform and/or comply with federal statute or regulations. Please cite the specific federal statute or regulation this rule is being adopted to conform or comply with, and describe the consequences to the state if the rule is not adopted.

Citation and description:

This rule proposal, or portions of the proposal, is exempt because the agency has completed the pilot rule process defined by RCW 34.05.313 before filing the notice of this proposed rule.

This rule proposal, or portions of the proposal, is exempt under the provisions of RCW 15.65.570(2) because it was adopted by a referendum.

- This rule proposal, or portions of the proposal, is exempt under RCW 19.85.025(3). Check all that apply:

This rule proposal, or portions of the proposal, is exempt under RCW .
Explanation of exemptions, if necessary:

COMPLETE THIS SECTION ONLY IF NO EXEMPTION APPLIES

If the proposed rule is **not exempt**, does it impose more-than-minor costs (as defined by RCW 19.85.020(2)) on businesses?

- No Briefly summarize the agency's analysis showing how costs were calculated. Most of the proposed rule changes are exempt from the Small Business Economic Impact Analysis (SBEIS) requirements under RCW 19.85.025. Those changes that are not exempt from the SBEIS requirement include: requiring the installation of an accessible stop switch from the elevator landing for existing elevators, disallowing alternative testing, removing special purpose elevators from the (04) elevator mechanic licensing category, requirements for a signature on continuing education certificates, changes to the plan approval exceptions for residential incline chairlifts, fee increases for technical services and consultations and accident investigations, requiring an access door to the elevator motor brake in private residence elevators, allowing the installation of a slightly reduced railing height in existing elevators based upon existing instruction conditions, and requiring the posting of an overhead sign when guardrail clearances are less than allowed by code. To calculate costs, L&I identified the businesses who are potentially affected by the proposed rule and the estimated costs of compliance. The estimated average compliance cost per active conveyance owned would be \$6.24 to \$9.36 annually. For owners of more than one conveyance, the cost per owner was estimated by multiplying the estimated cost per conveyance by the number of conveyances owned. Owners with nine or fewer conveyances (97%) are estimated to incur less than \$84.28 in annual cost, while owners with more than 100 conveyances can incur as much as \$3,211.86 per year. For the 99.24% of owners that own 25 or fewer conveyances, the annual cost would be \$234 or less. The industry affiliation for all these businesses is unknown so L&I is not able to calculate the minor cost threshold for these industries. However, given the magnitude of this average cost, L&I believes it is unlikely it will exceed minor cost threshold by any of the above criteria (one percent of annual payroll, or the greater of three-tenths of one percent of annual revenue or one hundred dollars). For the companies that have more than 25 conveyances, they have minor cost thresholds (1% of annual payroll) greater than \$3,211, the largest possible cost to any affected businesses. This clearly indicates the average per-business cost of these proposed rule amendments is far below the threshold for businesses in any of the affected industries identified in the SBEIS as potentially impacted by the rule. As such, L&I is exempt from conducting a Small Business Economic Impact Statement (SBEIS) for this rulemaking.
- Yes Calculations show the rule proposal likely imposes more-than-minor cost to businesses, and a small business economic impact statement is required. Insert statement here:
