Agency: Department of Labor & Industries (L&I)

Subject of possible rule making: Chapter 296-05 WAC, Apprenticeship Rules,

Statutes authorizing the agency to adopt rules on this subject: RCW 49.04.010

Reasons why rules on this subject may be needed and what they might accomplish: The timelines, procedures and content for new apprenticeship program applications are detailed in chapter 296-05 WAC. The Washington State Legislature passed Engrossed Second Substitute Senate Bill 5600 (E2SSB 5600) during the 2022 legislative session, which adds a sustainability assessment requirement to all new apprenticeship program applications. The Washington State Apprenticeship and Training Council (WSATC) now must also consider living wage, presence of a career ladder, and other non-wage benefits for graduating apprentices when considering a new program for approval. To ensure transparency in the approval process, these items need to be defined or explained in the rule.

E2SSB 5600 also requires the WSATC to establish industry sector-based platforms in eight areas, which is a new aspect in the apprenticeship system. The bill highlights the industry sectors for which the platforms may be established, that each must consist of an equal number of employer and employee representatives, and outlines the tasks that the platforms must complete. Rulemaking is required to define how platform members will be selected, the detailed make-up of the platforms (including minimum/maximum number of members, qualifications of platform members, electing a chair and secretary), and timelines for the tasks required by the bill.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: The U.S. Department of Labor (U.S. DOL), Employment and Training Administration, Office of Apprenticeship.

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
- Agency study
- Other (describe) L&I will develop the rule language in conjunction with the Washington State Apprenticeship and Training Council's WAC/RCW Policy Subcommittee and will stakeholder the rulemaking with representatives from Labor and Business.
