WAC 296-150F-0470 What happens after we receive the professional or firm approved design plan and information? (1) After we receive your approved design plans and information, we will ~~((review))~~ check the design plans and information ((and assign a plan approval number. We will)) to reasonably assure they contain the documents and plan information outlined in our written guidelines for plan reviews as provided to approved licensed professionals. Once accepted we will assign a plan approval number and send a copy of the design plan with the plan approval number to the manufacturer.

(2) If our check of the design plans and information finds that they are not acceptable we will notify you in writing of the reasons why. Unless being audited in accordance with subsection (3) of this section, design plans and information may be corrected and resubmitted for acceptance within 90 days of our notification. We may charge the applicant an additional hourly fee to process revised submittals (see WAC 296-150F-3000).

(3) We may ~~((periodically))~~ audit design plans approved by a professional engineer, architect, or firm to ensure compliance with ~~((design plan requirements))~~ this chapter and our written guidelines for plan reviews. Audits may be either random audits or they may be audits of plans that were not accepted in accordance with subsection (2) of this section. The department's ~~((periodic))~~ audit should not be construed as certifying that the plans are safe.

~~((3))~~ (4) If the audit ~~((reveals))~~ finds that the design plans approved by the professionals and firms do not comply with this chapter ~~((, you))~~ and our written guidelines for plan reviews, the applicant will be notified and may be required to pay our fees for review and approval of the design plans. (See WAC 296-150F-3000.)

WAC 296-150P-0020 What definitions apply to this chapter? "Alteration" is the replacement, addition, modification, or removal of any equipment or material that affects the fire and life safety provisions, structural system, plumbing systems, fuel systems and equipment or electrical systems of a recreational park trailer.

The following changes are not considered alterations for purposes of this chapter:

- Repairs with approved parts;
- Modification of a fuel-burning appliance according to the terms of its listing; and
- Adjustment and maintenance of equipment.

"Alteration insignia" is an insignia which indicates a recreational park trailer alteration was approved by the department.

"ANSI" is the American National Standards Institute, Inc., and the institute's rules applicable to recreational park trailers. For the purposes of this chapter, references to ANSI mean ANSI A119.5 Recreational Park Trailers, current edition.

"Approved" is approved by the department of labor and industries.

"Audit" by the department is the department inspection of a manufacturer's quality control procedures, comprehensive plans, and recreational park trailers.

"Comprehensive design plan" consists of the design plans and copies of drawings such as:

- Floor plans relating to fire and life safety, structural, electrical, plumbing, liquefied petroleum (LP) and/or natural gas systems and appliances and air conditioning systems, if applicable to the plan of each recreational park trailer.
- Plumbing line drawings which describe the size, length and location of gas piping lines, liquid and body waste lines, liquid and body waste tanks, and potable water tanks.
- Electrical drawings. (See WAC 296-150P-0330.)

"Consumer" is a person or organization who buys or leases recreational park trailers.

"Dealer" is a person or organization whose business is offering recreational park trailers for sale or lease.

"Department" is the department of labor and industries. The department may be referred to as "we" or "us" in this chapter. Note: You may contact us at: Department of Labor and Industries, Specialty Compliance, P.O. Box 44430, Olympia, WA 98504-4430.

"Equipment" is all material, appliances, fixtures, and accessories used in the manufacture or alteration of recreational park trailers.

"Manual" is a reference containing instructions, procedures, responsibilities and other information used to implement and maintain the quality control program of a recreational park trailer manufacturer.

"National Electrical Code" see Appendix 'C' of ANSI A119.5 for reference to the appropriate edition to use for compliance.

"Recreational park trailer" also known as a "park model recreational vehicle" is a trailer-type unit that is primarily designed to provide temporary living quarters for recreational, camping or seasonal use, that meets the following criteria:

- Built on a single chassis, mounted on wheels;

- Having a gross trailer area not exceeding 400 square feet (37.15 square meters) in the set-up mode; and
- Certified by the manufacturer as complying with ANSI A119.5.

"Quality control" is the plan and method for ensuring that the manufacture, fabrication, assembly, installation, storing, handling, and use of materials complies with this chapter and ANSI.

"State-plan insignia" is an insignia which is obtained under the state design-plan approval process.

"System" is a part of a recreational park trailer that is designed to serve a particular function such as plumbing, electrical, heating, mechanical or structural system.

NEW SECTION

WAC 296-150P-0315 Who can approve design plans? (1) Comprehensive design plans for recreational park trailers can be approved by us or by a licensed professional or firm authorized by us. (See WAC 296-150P-0520 and 296-150P-0530.)

(2) All design plans for quality control manuals must be reviewed and approved by the department.

DESIGN-PLAN APPROVAL BY A LICENSED PROFESSIONAL OR FIRM

NEW SECTION

WAC 296-150P-0520 Who can be authorized to approve design plans?

(1) A professional engineer, architect, or firm licensed by the state of Washington according to the Engineers Registration Act, chapter 18.43 RCW and/or the Architects Registration Act, chapter 18.08 RCW; or

(2) A professional engineer, architect, or firm licensed in another state that has licensing or certification requirements that meet or exceed Washington requirements.

(3) A professional engineer, architect, or firm cannot approve quality control plans.

NEW SECTION

WAC 296-150P-0530 What information must a professional or firm provide to be authorized to approve design plans? (1) Name, a copy of your certificate of registration or authority, and address of the professional engineer, architect, or firm; and

(2) A description of the services the professional engineer, architect, or firm will provide in the areas of structural, fire and life safety, mechanical, plumbing, and electrical plan review for park model recreational vehicles; and

(3) A summary of the professional's or firm's expertise and qualifications to review plans in the areas identified by the description of services.

NEW SECTION

WAC 296-150P-0540 How will I know whether I am authorized to approve design plans? Within 60 days after you submit the information requested in WAC 296-150P-0530, we will send you a letter either approving or denying your authorization request.

(1) If we approve your request, your name is added to the list of licensed professionals and firms authorized to approve design plans.

(a) We will authorize a professional to approve portions of a design plan within his or her area of expertise.

(b) We will authorize an engineering or architectural firm to approve plans if the firm employs or contracts with professionals within the area of expertise necessary for the design plan.

(2) If we do not approve your request, we will notify you in writing why we are denying your request for authorization. If you disagree with our decision, you can send us a written request for a hearing, stating why you disagree. (See WAC 296-150P-0100.)

NEW SECTION

WAC 296-150P-0550 How long is a licensed professional or firms authorization effective? Your authorization to approve design plans is effective until your license expires, is revoked, or suspended or until your authorization to approve plans is revoked or suspended in accordance with subsection (3) or (4) of this section.

(1) You must notify us of your license renewal at least 15 days before your license expires, to prevent your name from being removed from our licensed professional and firm list.

(2) You must notify us immediately if your license is revoked or suspended. Your name is then removed from the list of licensed professionals and firms authorized to approve design plans.

(3) Your authorization to approve plans may be revoked or suspended if during any one year we receive three or more approved plans that after audit are found to be incomplete or contain multiple code violations. Incomplete plans are those that do not meet the requirements of this chapter and our written plan review guidelines that we provided to you. If your authorization is revoked you may reapply for authorization in accordance with WAC 296-150P-0530, after one year from the date of revocation. Suspensions may be up to one year. If you disagree with our decision, you can send us a written request for a hearing, stating why you disagree. (See WAC 296-150P-0100.)

(4) Your authorization to approve plans may be revoked if we find the licensed professional has a conflict of interest. If your authori-

zation is revoked you may reapply for authorization in accordance with WAC 296-150P-0530, after one year from the date of revocation. If you disagree with our decision, you can send us a written request for a hearing, stating why you disagree. (See WAC 296-150P-0100.)

(5) If we revoke or suspend your authorization in accordance with subsection (3) or (4) of this section, your name will be removed from the list of licensed professionals and firms authorized to approve design plans.

NEW SECTION

WAC 296-150P-0560 What information must a manufacturer send to the department when a professional or firm does the design-plan approval? You must send us the following information in your approved design plans:

- (1) A completed departmental design-plan approval request form;
- (2) A set of the design plan drawings, specifications, engineering analysis, and test results and procedures necessary for a complete code evaluation of the design. When required by chapter 196-23 or 308-12 WAC, design documents prepared by licensed professionals must be sealed;
- (3) A cover sheet on the design plan noting which professional approved each portion of the design plan;
- (4) A copy of the authorization letter from us; and
- (5) The design plan fee for design plans approved by professionals or firms. (See WAC 296-150P-3000.)

NEW SECTION

WAC 296-150P-0570 What happens after we receive the professional or firm approved design plan and information? (1) After we receive your approved design plans and information, we will check the design plans and information to reasonably assure they contain the documents and plan information outlined in our written guidelines for plan reviews as provided to approved licensed professionals. Once accepted, we will assign a plan approval number and send a copy of the design plan with the plan approval number to the manufacturer.

(2) If our check of the design plans and information finds that they are not acceptable we will notify you in writing of the reasons why. Unless being audited in accordance with subsection (3) of this section, design plans and information may be corrected and resubmitted for acceptance within 90 days of our notification. We may charge the applicant an additional hourly fee to process revised submittals (see WAC 296-150P-3000.)

(3) We may audit design plans approved by a professional engineer, architect, or firm to ensure compliance with this chapter and our written guidelines for plan reviews. Audits may be either random audits or they may be audits of plans that were not accepted in accordance with subsection (2) of this section. The department's audit should not be construed as certifying that the plans are safe.

(4) If the audit finds that the design plans approved by the professionals and firms do not comply with this chapter and our written guidelines for plan reviews, the applicant will be notified and may be required to pay our fees for review and approval of the design plans. (See WAC 296-150P-3000.)

NEW SECTION

WAC 296-150P-0580 Do you have a list of professionals or firms that are authorized to approve design plans? Yes. We will maintain a list of the licensed professionals and firms that are authorized to approve design plans for park model recreational vehicles.

NEW SECTION

WAC 296-150P-0590 Who approves addendums to design plans approved by a professional or firm? (1) You must have the professional or firm approve an addendum to a design plan, if they initially approved your design plan.

(2) If the professional or firm who approved your design plan is no longer on the department list, you may have us approve your addendum.

Once accepted we will assign a plan approval number and send a copy of the design plan with the plan approval number to the manufacturer.

(2) If our check of the design plans and information finds that they are not acceptable we will notify you in writing of the reasons why. Unless being audited in accordance with subsection (3) of this section, design plans and information may be corrected and resubmitted for acceptance within 90 days of our notification.
