

Truck Driver: A Deadly Occupation¹

Washington State Fatality Assessment and Control Evaluation (FACE)² 2010–2019

Five Occupations with the Most Worker Deaths³

Location and Incident Type⁴ for Truck Driver Deaths

More truck drivers died on the job than workers in any other occupation.

- 14% of all workers who died on the job were truck drivers.
- Over half of truck drivers died in motor vehicle crashes while inside their trucks (n=55).
- 39% of truck drivers died while outside of their trucks (n=36):
 - 14 were struck by other vehicles.
 - 6 were rolled over or into by their own trucks.

1. Occupation of Heavy and Tractor-Trailer Truck Drivers classified according to the Standard Occupational Classification (SOC) System.
 2. The FACE Program is supported in part by the National Institute for Occupational Safety and Health (NIOSH grant# 5U60OH008487).
 3. Total work-related fatalities in Washington State, 2010-2019: n = 688.
 4. Incident Type based on International Classification of Disease (ICD-9) external cause of injury codes (e-codes) and modified by FACE.
