80 workers died on the job, the highest number since 2010.  
24 construction workers died; the highest number since WA FACE began counting in 1998.  
Eight of the 24 construction workers died due to falls.  
Motor vehicle incidents (24) caused the most worker deaths, followed by falls (12).  
Twice as many workers died of homicide (10) and three times as many died of suicide (9), compared with 2021.

1. WA FACE collects information on occupational fatalities in WA State. It receives funding from the National Institute for Occupational Safety and Health (NIOSH).  
2. Data are preliminary and are current as of February 10, 2023. Changes to fatality information may occur due to late reports or updates.  
3. Numbers reflect date of fatal incident.
